"Quick-Change" Mounting Kit

EASY BANNER CHANGE

An invention by Mark Bric enables you to repeatedly use different banners in the same cassette. Just slide the old banner out of the cassette and replace it with a new one in just minutes. Fast and Simple!

U.S. patent appl. no. 10/396,076 Eur patent no. 1285421

One quick-change mounting kit is included with each BannerUp unit, enabling the first banner to be installed. Subsequent banners can be easily installed with the aid of a new quick-change kit, including top and bottom rails ready for mounting.

Model/Width	Price each	Item No.
3 ft.	\$40.00	81020
40 in.	\$45.00	81030

SnapUp - MP counter

New Product!

Introducing the totally new SnapUp®-MP counter!

A functional, decorative counter that works like a pop-up system.

- Sets up in 5 mins.
- Classy wooden top and shelves
- Use with fabric or graphic panels
- Includes canvas carrying bag
- Weighs less than 25 lbs.
- Showkit model includes the rugged Luxus hard shell shipping case and fabric wrap in black, gray or blue

Model	Price	Description	Item No.
MP Counter	\$799.00	Hardware, soft case & mag. tape	82038
Fabric wrap kit	\$99.00	3 panels - black, gray or blue	9840
Luxus transport case	\$199.00	High impact plastic shipping case	5080
Showkit	\$999.00	Counter, fabric wrap & Luxus case	7863

Luxus transport case

Accessories: SnapUp - MP

Hard case on wheels

Our multiple-use hard transport case can easily be converted into a counter with wrap-around graphics. It has three well-protected compartments: One for the structure, one for the graphic panels and one (the lid) for 2 spotlights. The lid may also be used as a step when assembling the spotlights on the system. A wooden counter top in black/beechn is included. The case is equipped with heavy-duty, easy-roll rubber wheels.

\$495, #5040

Multi-compartment case provides extra graphics protection and makes loading and unloading lighter and easier.

Prices include all components - light boxes (quantity indicated in parenthesis), blank panels and connectors - padded and packed in corrugated shipping boxes. Specially designed wooden shipping crates are available by special order - call for details.

Light Tower Exhibit Systems

- Complete customized LightUp exhibit systems
- Unique exhibit designs stand out in a crowded marketplace
- Affordable, portable, no-tool assembly
- Unlimited configuration options--call for more details!

Single Frames

All prices are exclusive of insert panels

The **standard** frames are delivered with **top opening** on the short side for portrait style. If you prefer a different opening, or a fully closed frame, please specify when ordering.

For panels up to .220 in (5½ mm) thickness

1 pc. packing: All components for one frame packed together in a plastic bag.

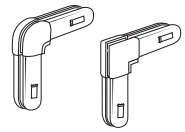

Bulk packing: Unassembled components for 10 frames are packed in a box. One color and one size.

Standard Size	1 pc. Packing	Bulk (10+ frames)	Item no.

*Mini Header 50 x 20cm	\$17.20	\$15.50	107

Corners

Single frames are delivered with rounded corners as standard. Square corners are delivered on request.

All frames now include corner locks. The corner locks will prevent the corners from sliding out of the profile. The locks may be easily removed by the user, if desired.

Sizes

All sizes are insert panel size.
Outer frame size = panel size plus 1½"
Visible panel size = panel size minus ¾"
Panel thickness up to .220" (5½ mm)

Basic and Mini-Basic are the standard frames used in our backwalls, tables, towers, etc. They are based on common international metric sizes, which convert to the following English measurements:

Basic: 27¼" x 39¼"
Basic Header: 27¼" x 11¼"
Mini Basic: 19¼" x 27¼"
Mini Basic Header: 19¼" x 7"

There are 14 standard colors to choose from, enabling you to match your graphic panel and/or your company identity.

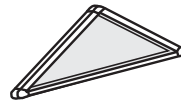

SPECIAL SHAPES / SPECIAL COLORS

Custom Sizes & Shapes

2420 - Double feet (For max. 20 frames) \$225.00

Flexiframe Exhibit Kits

Two Basic Backwall Models Available

Flexiframe LinkUp

The original backwall model based on the principle of individual frames that are easily joined together with metal connectors. LinkUp is particularly suitable for more stationary exhibits, which may have to be changed or added to at a later stage.

The frame sections are assembled and the backwall is delivered in a specially designed shipping carton.

Flexiframe FoldUp

These frame sections are joined together with fixed hinges that make set-up extremely quick and easy. FoldUp should be chosen when fast set-up and take-down are first priority.

Especially suited for tabletop displays and smaller backwalls. The complete backwall is assembled and delivered in a specially designed shipping carton.

Complete Exhibition Kits

These tables and towers now accept our LightUp backlit displays!

These towers can be built in all sizes — check with Customer Service. Foam panel pricing includes your choice of color.

*Double-sided fabric panels are included in the 3-way and 4-way cross pricing, where both sides are available for viewing.

Folding Demonstration Counters

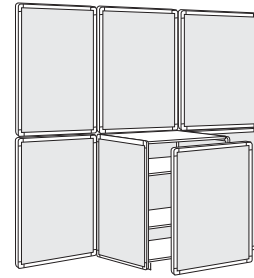

\$370 base price

3 inner shelves

See our new SnapUp-MP counter on page 8

All counters are delivered in cardboard carrying boxes with handle. 1 pc. packing.

Built-in counters with "Hide-it Frame".

Counters can easily be connected to a backwall. An ideal place to store brochures, samples etc., during a trade show or exhibition and also provides the backwall with extra stability. In this case, the counter is delivered with a "Hide-it Frame" in size 27⁹/₁₆ x 39³/₈, to keep inside of the counter protected from view. The "Hide-it Frame" is connected to the counter with magnetic tape and can easily be taken on and off.

Folding Demonstration Counters
These portable folding counters make excellent stations for presentations, demonstrations and product samplings. Complete unit includes three aluminum shelves and a powder-coated aluminum tabletop. All counters stand 41" high and 28" wide and are available in two depths. They may be fitted with a suspended sign to generate added attention, and also the new Hide-It panel to fully enclose the shelves.

Profiles - standard colors

Length of profile 7½ feet (90"). Each box contains profiles in the same color.

	Item No.	1 pc.	1 box	Packing
Solid profile	4001	\$23.00	\$350.00	20 pcs.
Split profile	4002	\$23.00	\$350.00	20 pcs.
Double profile	4006	\$23.00	\$265.00	15 pcs.

For less than full-length profiles, price is \$0.30 per inch. To mix colors in one box, add \$15.00 to box price

Extras	Item No.	1 pc.	1 box	Packing
Panel retaining clip	4902	\$0.35	\$25.00	100 pcs.
Profile extender	5897	\$2.50	\$59.00	25 pcs.
Profile cutting tool	80900	\$75.00	n/a	1 pc.
I-support, 3-way corner	3204	\$1.50	\$142.00	100 pcs.

Cutting of profiles

To cut profile to fit desired rectangle insert panel sizes, subtract 1" from insert panel dimensions and cut profile to those lengths.

Basic Corners - standard colors

Each box contains corners in one color. All basic corners now include corner locks.

	Type	Item No.	1 pc.	1 box	Packing
2-way corner - round	90°	4100-L	\$1.05	\$325.00	400 pcs.
2-way corner - square	90°	4101-L	\$1.05	\$325.00	400 pcs.

To mix colors in one box, add \$15.00 to box price.

Special Corners

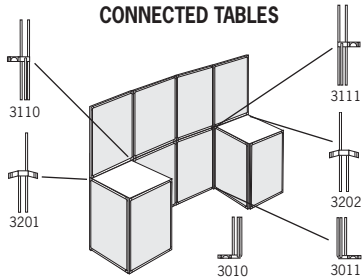

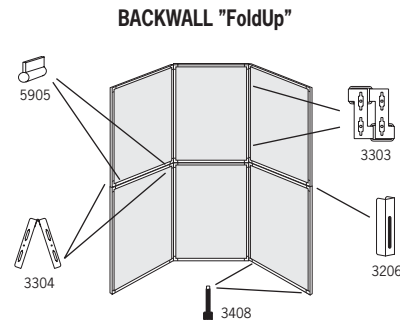

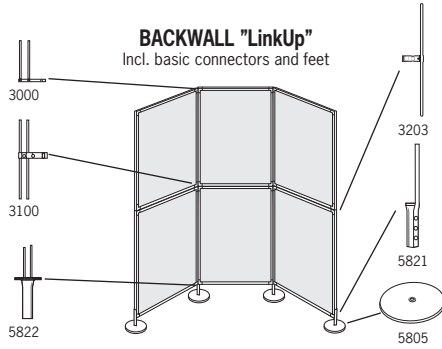

Except for 4107-L, these corners do not include corner locks.

	Type	Item No.	1 pc.	1 box	Packing
2-way corner	30°	4103	\$2.25	\$680.00	400 pcs.

Frames and panel sizes

Overall size = Panel size plus 1 1/8"
 Visible panel size = Panel size less 3/4"
 Cutting size of profile = Panel size less 1"
 For example:

Panel size: 22" x 28"
 Overall size: 23 1/8" x 29 1/8"
 Visible panel size: 21 1/4" x 27 1/4"
 Cutting size of profile: 21" x 27"

Materials & Properties

The frame profiles are produced in durable PVC plastic.
 The corner pieces are produced in polypropylene-plastic.
 We recommend interior use of the frames.
 Temperature range, 0° to 120°F (-20° to 50°C)

Materials & Properties (cont.)

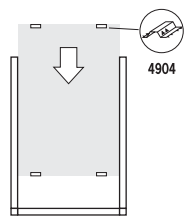

All colors have improved UV stabilizers, but to minimize color changes in outdoor applications, we recommend darker frame colors, for example black or metallic gray.

Flammability

UL 94 V-0 (low)

Flexiframe Tables

Tabletops are produced in powder-coated steel. We recommend that table top loading should not exceed 50 lbs. When building table displays, the frame insert panels must be accurately cut to size and squareness to ensure maximum strength and stability of the table.

Helpful Hint !
 Always put "grip clips", **item 4904**, on insert panels in closed frames of backwalls, tables, towers and other display and exhibition kits. The panel "grip clips" hold panels tightly inside the frames and add extra security and stability to your display. Use 4 pcs./panel: 2 pcs. on the bottom side of the panel and two pcs. at the top.

SnapUp-Original Straight Backwall	29 13/16"	29 13/16"	29 13/16"	89 1/2"	91 1/2"
SnapUp-Original Case/Counter	68"				31 3/4"
SnapUp-Original Curved Tabletop	27 3/8"	23"	32 1/2"	59 1/2"	61 1/2"

There are many materials and a variety of techniques for producing the graphic panels, including 3-ply construction (lamine + print media + opaque backing) and 2-ply construction (lamine + printable opaque media). Regardless of the technique used, total thickness ranges are recommended at:

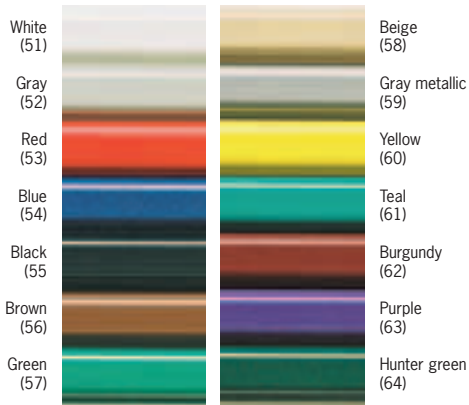

Center panels: .020" to .030" End panels: .015" to .020"

Note: Backlit panels for use with the Tower Light Kit require Duratrans material or equivalent.

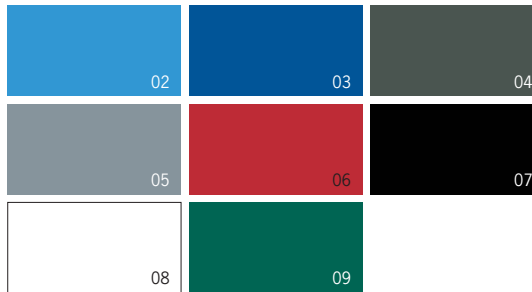

*Rear panels used only on double sided models.

Frames (Flexiframe)

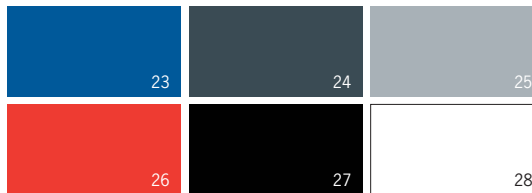

There are 14 standard colors to choose from, enabling you to match your graphic panel and/or your company identity.

Why Choose Mark Bric?

Our goal is to perform our job so well, so consistently, that you'll never want to trust your business to anyone else. And what is our job?

Our job is to take care of all of the details associated with display hardware so that you don't have to. We understand that time is your most precious resource, and by making our work as nearly perfect as possible, we will keep your time investment to a bare minimum.

Our commitments to you:

- We will always treat you and your business with the utmost respect.
- We will always address your needs with a friendly, world-class customer service staff.
- We will constantly seek to bring dependable, innovative products to market.
- Our products will always represent a high value – always worthy of your hard-earned dollars.
- We will always try to get it right the first time.
- Whenever there is a problem, we'll fix it – **period!**

We invite you to take us up on these commitments and to let us know if we fall short. We believe that if we consistently deliver on these promises, we will have played at least a small role in simplifying your business and saving more of your time and energy for the really important things—your family, your volunteer activities, your hobbies...your life.

Regards,

Larry Ragland
President, Mark Bric Display Corp.

Ed Marquez
Vice President, Mark Bric Display Corp.

A Family of Dependable Displays
